**CARY Audio**

*DElettroniche Stato Solido e a Valvole, Hi End e Home T.*  
(www.caryaudio.com - USA)

## **PH 302 MKII**

*(preamplificatore Phono a Valvole)*

Moving coil and moving magnet phono preamplifier with 5AR4 vacuum tube voltage regulation. Shielded R-Core power transformer, separate step up transformers for MC cartridges, separate inputs for MC or MM cartridges, MM optimized for 47 k ohm load, MC externally adjustable from 10Ω to 47kΩ loads. Fully regulated power supply section, dual triode vacuum tube buffer and gain stages. High gain design with 54 dB overall gain in the MC section. Black or silver anodized aluminum faceplate, black aluminum chassis standard. ZERO feedback design.

Prezzo: 4200 Euro

## **CPA1**

*(preamplificatore a Stato Solido)*

The CPA 1 preamplifier has an XLR balanced input and multiple RCA single-ended inputs making it a flexible design. The adjustable brightness front panel display shows current settings and volume levels during use.

Prezzo: 2.350 Euro

## **SLP 03**

*(preamplificatore a Valvole)*

A balanced vacuum tube preamplifier with dual 12AU7 vacuum tubes. It features full remote control for input switching and volume control. The front panel has a readout display for selected functions and current settings. The SLP 03 has 4 RCA stereo input pairs, one XLR input pair, a tape monitor loop and mute switching. Black or silver anodized aluminum

alta fedeltà esoterica – listini Maggio 2011

faceplates. It has one set of XLR balanced and dual RCA stereo outputs.

Prezzo: 3.600 Euro

## SLP 98P

*(preamplificatore a Valvole - alimentazione separata)*

Full feature, hand wired, vacuum tube preamplifier featuring four (4) 6SN7 vacuum tubes, (2) 12AX7, and (2) 12AU7 vacuum tubes. MM phono preamplifier section built in. Large heavy duty external power supply. Standard with remote volume control and Jaguar Carnival Red chassis with clear coat finish.

Prezzo: 5.500 Euro

## SLP 05

*(preamplificatore a Valvole - alimentazione separata - riferimento)*

2 XLR plus 3 RCA input sets, CINEMA Bypass with XLR and RCA connections, Tape monitor loop, External vacuum tube voltage regulated power supply, pure balanced design, Remote Volume control, vacuum tube headphone amplifier, uses eight (8) 6SN7 triode tubes, headphone power amplifier rated at ½ watt.

Prezzo: Su Richiesta

alta fedeltà esoterica – listini Maggio 2011

## **CAD 120 S MKII**

*(amplificatore a Valvole stereo bilanciato)*

Rated at 60 watts per channel in triode mode and 120 watts per channel in ultralinear mode into an 8 ohm speaker load. Full rated output power is from 17 Hz to 23 kHz with less than 1% total harmonic distortion. The output stage may be switched 'on the fly' from triode mode to ultralinear mode by using a front panel selector button

Prezzo: 6.650 Euro

## **CAD 805 AE (MK 2010)**

*(amplificatore a Valvole Mono)*

The CAD 805 Anniversary Edition offers 50 watts per channel, Pure Class A Single Ended Triode Mono Blocks with dual 6SN7 input stage, 300B driver stage tube, includes both 845 and 211 output tubes. User selector switch for output tube. Jaguar Anthracite black chassis and top plate with clear coat finish, anodized aluminum front panel. ZERO feedback design.

Prezzo: 15.500 Euro (Coppia)

alta fedeltà esoterica – listini Maggio 2011

## **CAD 211 FE (Founder's Edition)** *(amplificatore a Valvole Mono)*

After 17 years in production, Cary Audio has updated the CAD 211 and is proud to introduce the 211 Founder's Edition. Up to 150 watts in class B, 110 watts per channel in Class A/B, and 70 watts per channel in Class A. All Triode tube Mono Blocks with 6CA7 current source, 6SL7 input tube, 300B driver tubes and 845 output tubes. Speaker terminals for 4, 8 or 16 ohm speakers are located on the back panel. A meter has been added to the front faceplate to allow you to monitor bias with ease. This is a ZERO feedback design.

Prezzo: Su Richiesta

# Il Tempio

alta fedeltà esoterica – listini Maggio 2011

**Model 1500**

*(amplificatore a Stato Slido Mono)*

The Model 1.500 is a mono power amplifier rated at 500 watts per channel into an 8 ohm load and 1000 watts per channel into a 4 ohm load. The rear panel has XLR and RCA inputs and a remote turn on trigger. With its power output it is capable of driving most multi-channel speaker systems. Quiet, low distortion operation with unmatched reliability.

Prezzo: 6.000 Euro

**Model 2200**

*(amplificatore a Stato Slido Stereo)*

The Model 2.300 is a two channel power amplifier rated at 200 watts per channel into an 8 ohm load and 350 watts per channel into a 4 ohm load. The rear panel has XLR and RCA inputs and a remote turn on trigger. With its power output it is capable of driving most multi-channel speaker systems. Quiet, low distortion operation with unmatched reliability.

Prezzo: 4.800 Euro (Coppia)

alta fedeltà esoterica – listini Maggio 2011

## **Cinema 5**

*(amplificatore a Stato Slido Multicanale)*

The Cinema 5 power amplifier is a five-channel design rated at 200 watts per channel into an 8 ohm load and 350 watts into a four ohm load. The rear panel has XLR and RCA inputs and a remote turn on trigger. We voiced the Cinema 5 with a full-range electrostatic speaker during final development so it is stable with either low impedance or demanding speaker loads. This amplifier has been awarded multiple 'Best Buy' ratings and Multi-Channel Amplifier of the Year awards.

Prezzo: 6.650 Euro

## **Cinema 11P**

*(amplificatore a Stato Slido Multicanale)*

The Cinema 11p power amplifier is configurable from seven channels to twelve channels and offers high output power and high efficiency in an attractive chassis. The Cinema 11p is rated at 125 watts per channel into an 8 ohm load and 250 watts per channel into a 4 ohm load. XLR balanced and RCA inputs. Standard with 12v remote turn on trigger.

Prezzo: 4.800 Euro

## **Model 7125**

*(amplificatore a Stato Slido Multicanale)*

The Model 7.125 is a seven channel power amplifier rated at 125 watts per channel into an 8 ohm load and 190 watts per channel into a 4 ohm load. The rear panel has XLR and RCA inputs and a remote turn on trigger. With its power output it is capable of driving most mulit-channel speaker systems. Quiet, low distortion operation with unmatched reliability.

Prezzo: 4.800 Euro

# Il Tempio

alta fedeltà esoterica – listini Maggio 2011

## **Model 7250**

*(amplificatore a Stato Slido Multicanale)*

The Model 7.250 is a seven channel power amplifier rated at 250 watts per channel into an 8 ohm load and 400 watts per channel into a 4 ohm load. The rear panel has XLR and RCA inputs and a remote turn on trigger. The Model 7.250 is a true balanced design (from input to output). The Model 7.250 is powerful, accurate, and capable of driving any home theater system to reference levels with ease.

Prezzo: 9.600 Euro

alta fedeltà esoterica – listini Maggio 2011

## **Cinema 12 S**

*(Preamplificatore HT – Sezione Audio)*

The Cinema 12 adds new technological advances in cinema audio to take your home theater to the next level. Four HDMI v1.4a inputs are included to take advantage of advanced features of new displays and players. The Cinema 12 supports most 3D formats, 48-bit deep color, audio return channel, Ethernet channel, and CEC power on/off features. Utilizing the Cirrus Logic CS49700 series chipset and HDMI v1.4a, the Cinema 12 has the ability to properly decode and playback both the raw bitstream and lossless linear PCM signals from the latest high resolution formats, including Dolby True HD, Dolby Digital Plus, DTS-HD High Resolution Audio, and DTS-HD Master Audio. To increase audio performance beyond that of the Cinema 11a, the Cinema 12 offers the very latest Burr Brown 32 bit/192 kHz surround DAC chips for the most impressive surround separation and steering, and the most accurate audio decoding. The Cinema 12 has the ability to set separate Listener Profile speaker settings for playback of Music and Movies. The Cinema 12 uses the best available components in the audio circuit, resulting in extraordinary sound quality, which is a trademark of Cary Audio Design products. The Cinema 12 also contains an HD radio tuner for the highest resolution signals from FM broadcasts. Add to this an all new programmable remote and without question, the Cinema 12 is the highest performing home theater processor available today.

Prezzo: 5.750 Euro

## **Cinema 11 V**

*(Preamplificatore HT – Sezione Video)*

The Cinema 11v is a high-performance stand alone video processor, switcher, and scaler. Using the latest Faroudja® DCDi video technology, the Cinema 11v includes advanced pixel to pixel motion adaptive de-interlacing and True Life Video Enhancer among its many Advanced Color Management features. The Cinema 11v can convert any video input to any video output. It can also scale any video input to as high as WUXGA 120 Hz 1080p video output. The Cinema 11v has HDMI 1.3 inputs (6) and outputs (2). Although sophisticated in its technology, the Cinema 11v contains simple-to-use menus for easy set-up. With its state-of-the art features, high performance, and ease of use, the Cinema 11v is a natural choice in the most demanding home cinemas.

Prezzo: 4.950 Euro

## **SACD 303 T Professional V.**

*(Lettore SCAD Stato Solido / Valvole)*

The CD

303T SACD is a vacuum tube/solid state selectable SACD player. Plays Redbook CDs and upsamples at 44.1, 96, 192, 384, 512, and 768kHz. Internal clocking of 22.5792 MHz in SACD processing mode. In vacuum tube mode, the analog output section utilizes four 12AU7 vacuum tubes as the audio gain stage as well as the output buffer. Can be used as a standalone DAC with switchable inputs for USB (24 bit 192 kHz), RCA, and Toslink. Four PCM1792u DAC chips running in parallel pairs. The output vacuum tubes have a removable panel above them for tube exchange or 'tube rolling' without opening the chassis. Additional features of this player include adjustable metal cone feet, and vacuum tube and solid state output sections that can be changed through the remote or by a button on the front panel. Other enhancements include a dimmer light control for the display, C-core power transformer, fully regulated power supplies, RS 232 port control for custom installation systems, and HDCD decoding with Cary DSP-300 digital filter. Available with silver or black anodized aluminum front panel.

Prezzo: 7.500 Euro

## **SACD 500**

*(Lettore SCAD Stato Solido)*

The CD-500 is an outstanding CD player offering HDCD decoding. It has 192 kHz, 24 bit Burr Brown 1792u DAC chips in the critical digital to analog converter section. The CD-500 contains audio grade Elna capacitors in the audio circuit for incredible bass, extremely musical midrange, and extended highs. By having the ability to upsample a CD disk from 44.1 kHz to 96, 192, 384, 512 or 768 kHz it can find the perfect sample rate for each disk in your musical library. Discrete RS 232 and Infrared command codes make it custom installation ready. The CD-500 is available with a silver or black anodized aluminum front panel.

Prezzo: 3.500 Euro

## **SLI 80**

*(Integrato Stereo a Valvole)*

80 watts per channel in Class A/B ultra-linear mode, push pull amplifier design, 40 Watts per channel in Class A Triode mode, stereo integrated amplifier, 3 stereo input pairs, sub woofer preamp output, black steel chassis, 6550 output tubes. Standard with remote volume control, has 4 or 8 ohm speaker impedance switches, headphone jack, triode or ultra-linear mode switches and oil filled capacitors. Black anodized aluminum front panel.

Prezzo: 4.200 Euro

## **CAD 300 SEI**

*(Integrato Stereo a Valvole)*

15 watts per Channel, Single Ended Triode design, Pure Class A, Integrated Stereo Amplifier with 300B output tubes. 3 stereo input pairs, Standard with remote volume control. Metallic blue chassis with clear coat finish. ZERO feedback design.

Prezzo: 6.600 Euro

## **EXCITER DAC**

*(Convertitore COAX-USB)*

Compact desktop 192kHz/32 Bit DAC featuring the new AKM4399 32-Bit DAC along with the new National Semiconductor metal can LME 49713 and LME 49710 output devices. These National Semi devices were specifically designed for Cary Audio Design. The Xciter DAC features a computer USB input along with optical input and two coaxial inputs. The inputs are selectable from the front panel. Front panel LED's will indicate the incoming sample rate up to 192 kHz. The Cary Audio Xciter DAC is the perfect match for the Xciter integrated amplifier. USB port in back.

Disponibile Silver/Black

Prezzo: 1.790 Euro

## **EXCITER MS1**

*(Music Server)*

Complete with FLAC storage and playback, artist/album/genre/song/album art display, Apple iPhone/iPod Touch/iPad application for remote control, SHOUTcast Internet Radio support, 24/96kHz playback over USB and 1 terabyte of storage (roughly 2800 CD's).

Disponibile Silver/Black
